

Posidonia 2016 preview

This year at Posidonia FURUNO will exhibit a wide range of products and services.

The primary focus at the FURUNO stand will be our FMD-3x00 ECDIS series and the recently launched Voyage Data Recorder, VR-7000.

The FMD-3x00 ECDIS series offers a new and improved intuitive user interface; "Task Based Operation", which makes it much easier to navigate the menus and operate the ECDIS efficiently. It comes with seamless zoom and an easy chart management tool, which fully supports ENC, ARCS and CM-93 chart formats and makes chart/permit updating, loading and erasing easy and efficient.

The wide range of FURUNO products that will be on display includes:

- GP-170 - GPS
- GP-33 - GPS
- DS-80 - Doppler Speed Log
- GS-100 - Satellite Speed Log
- FE-800 - Navigational Echo Sounder
- FA- 170 - AIS
- FAR-2xx7 – Radar
- FAR-3000 – Radar
- FMD-3200 Black Box with 26" Hatteland widescreen display - ECDIS
- FMD-3100 - ECDIS
- FM8900s - VHF radiotelephone
- MF/HF radiotelephone, FS-1575
- FELCOM-18 - Mobile Earth Station
- NX-700A - Navtex receiver
- FBB-250/FBB-500 - Inmarsat-C Mobile Earth Station
- RD-20 - Remote Display
- RD-50 - 8,4" Remote Display
- RD-33 - 4,3" Remote Display
- BR-500 - Bridge Navigational Watch Alarm System (BNWAS)
- VR-7000 (partial) - Voyage Data Recorder
- FAX- 408 - Weather Fax
- FAX-30 - Black Box Weather Fax

FURUNO also plans to present our VSAT-services.

In addition to all the hardware, FURUNO will present our extensive training program for FURUNO type specific ECDIS training: This training program consists of class-room based training, either at one of FURUNO's own training centres or through the FURUNO NavSkills network of training centres worldwide, including the GMC Maritime Training Center in Piraeus.

As a supplement to classroom training, FURUNO type specific ECDIS training can also be obtained through the NavSkills CAT (Computer Aided Training) system. FURUNO also offers Computer Based Training, CBT (for the ECDIS FMD-series only).

Customers can meet FURUNO in **Hall no. 1, stand no. 202**, where representatives from FURUNO HELLAS and FURUNO ELECTRIC CO., Ltd. will be present to serve customers, demonstrate equipment and explain the many services and solutions that FURUNO offers to the market.
